

Shameer Sheikh

COMPUTER SCIENCE STUDENT · OPEN TO RELOCATION · SEEKING TECH INTERNSHIP / CO-OP

11205 NORTH CAMPUS MAIL CENTER, UNIVERSITY OF SOUTH FLORIDA, TAMPA, FL 33620

☎ (+1) 813-897-6000 | ✉ shameershahidsheikh@gmail.com | 📱 shameershahidd | 🌐 shameershahid

Education

University of South Florida

BACHELOR OF SCIENCE, COMPUTER SCIENCE (B.S.C.S) | MINOR IN PSYCHOLOGY

Tampa, Florida

Aug. 2022 – Expected Dec. 2026

- **USF Green & Gold Presidential Scholar**
- **Relevant Coursework:** Data Structures and Algorithms, Natural Language Processing, Computer Vision, Database Design, Computer Networks, Operating Systems, Software Engineering
- **Activities and Clubs:** Society of Asian Scientists and Engineers (SASE), STEMCORE Initiative, Stampede Sounds Collective, Pakistani Student Association (PSA), Cricket Club, Pickleball Club, HackaBull

Technical Skills and Languages

Programming Languages, Java, Python, C, JavaScript, HTML, CSS, SQL

Framework and Libraries, Spring Boot, Next.js, React, NumPy, OpenCV, MediaPipe

Tools and Databases, PostgreSQL, MongoDB, Git, Docker, Visual Studio, Jupyter Notebooks, Jira

Natural Languages, Native proficiency in English and Urdu

Work Experience

Software Engineer Intern

SAMSEARCH

Tampa, Florida

Mar. 2026 – May. 2026

- Contributing to the development of an **AI-powered government contract intelligence platform**, building integrations with **CRMs** and **productivity tools** to automate and streamline workflows for contractors.
- **Tech Used:** Python, React.js, FastAPI, PostgreSQL, OAuth 2.0, REST APIs

Research Assistant

SECURE AND INTELLIGENT SYSTEMS LAB, UNIVERSITY OF SOUTH FLORIDA

Tampa, Florida

Jan. 2026 – May. 2026

- Assisted in preprocessing video data from maritime vessels and training **computer vision** models for **crew work-hour compliance** and **safety procedure monitoring** under the supervision of Dr. Yasin Yilmaz at the Secure and Intelligent Systems Lab.
- **Tech Used:** Python, OpenCV, PyTorch, NumPy

Research Assistant

CENTER FOR URBAN TRANSPORTATION RESEARCH, UNIVERSITY OF SOUTH FLORIDA

Tampa, Florida

Apr. 2026 – Present

- Collected field data on micromobility devices (e-scooters, bikes) across urban environments to support transportation safety research.
- Applying **computer vision** techniques to analyze video footage, extracting insights on device counts, usage patterns, and safety compliance.
- **Tech Used:** Python

Engineering Projects

LLM Robustness Research

NLP RESEARCHER, TEAM OF 3

Tampa, Florida

Mar. 2026 – May. 2026

- **Investigated** whether **Chain-of-Thought** and **Self-Consistency** prompting strategies can recover LLM accuracy degraded by irrelevant context on **GSM-Symbolic** math benchmarks, running **4,200+** inference calls across **3 state-of-the-art models**.
- **Introduced** a recovery rate metric and found that Self-Consistency **fully closes the accuracy gap** for Llama-3.3-70b; qualitative annotation of **30 CoT traces** (Cohen's Kappa = **1.0**) revealed models never explicitly misuse irrelevant sentences despite accuracy drops.
- **Tech Used:** Python, Groq API, Llama-3.3-70b, Llama-3.1-8b, Qwen3-32b, McNemar's Test, Chain-of-Thought, Self-Consistency

American Sign Language (ASL) Recognition System

ML ENGINEER, TEAM OF 4

Tampa, Florida

Nov. 2025 – Dec. 2025

- **Developed** a **real-time ASL recognition system** for 36 static gestures (A–Z, 0–9), implementing a **custom CNN** and **MediaPipe hand detection** to enable accurate gesture recognition.
- Built an **end-to-end data processing pipeline** (hand cropping, background removal, grayscale, normalization) and trained the CNN model on **2,515 images** (72/8/20 split) with **5-frame temporal smoothing**, achieving **94% test accuracy** on unseen data.
- **Tech Used:** Python, CNN, MediaPipe, OpenCV, Computer Vision, Machine Learning

Autonomous Line-Following Batmobile Vehicle

DESIGN LEAD, TEAM OF 5

Tampa, Florida

Jan. 2023 – May. 2023

- **Engineered** an **autonomous 4-wheel robotic vehicle** featuring **ultrasonic sensor** integration for **real-time obstacle avoidance**; achieved a **100% collision-free** record across all **20+** test trials.
- **Led** the 5-member team through the full design-to-build lifecycle, implementing **Arduino** control logic in **C** to process sensor data at **10 Hz**, optimizing motor response times and ensuring high-precision line-tracking stability, placing **1st** out of **18** teams.
- **Tech Used:** C, Arduino, TinkerCAD

Leadership Experience

Vice President

STAMPEDE SOUNDS COLLECTIVE, UNIVERSITY OF SOUTH FLORIDA

Tampa, Florida

Apr. 2024 – May. 2025

- Served as **second-in-command** for a **14-member executive board**, overseeing strategic operations, **20+ annual activities**, and event execution for a **400+** member organization while deputizing for the President in administrative meetings.

Director of Fundraising

SOCIETY OF ASIAN SCIENTISTS AND ENGINEERS (SASE), UNIVERSITY OF SOUTH FLORIDA

Tampa, Florida

Aug. 2025 – May. 2026

- Spearheaded **\$5K+** in **capital procurement** through **5+ fundraising campaigns** via a multi-channel outreach strategy targeting local businesses and alumni, supporting one of the **largest engineering student organizations** in the US.
